How to Install ChemDraw Professional 15

① Verify Goucher Account

a) Use either Firefox or Internet Explorer and visit
   http://sitelicense.cambridgesoft.com/sitelicense.cfm?sid=2872

b) Enter your @goucher.edu email or @mail.goucher.edu address and click the **Submit** button.
   Only emails with a valid domain have access to site subscription. Please contact the Help Desk if
   you're address can't be verified.

Site License Verification

Email Address   FirstName.LastName@goucher.edu

SUBMIT

- The domain of your address, the part that comes after the @ symbol, must match that of your company or school.
- After you enter a qualifying email address you will be led through the download process. We will use this address to email you the serial number and other codes needed for installation.

c) Click **Continue** on account verification screen.

─ Site License ─

Yes! Your institution has set up a site license and now you can download software.

Please click 'Continue' to start the download process, and please contact the technical administrator for Goucher College for details:
Judy Julien-Alexander, at jjulien@goucher.edu
Liz Winterstein, at lwinters@goucher.edu
Fran White, at franwhite@goucher.edu Director, Technology Engagement and Project Management

② Create PerkinElmer Informatics User Account

a) Click the **Register** button in the "Registration" section of the page. Account registration is
   required to access online databases

No PerkinElmer Informatics Membership?

Setup is fast and easy. Click below to register.

Register ❯

b) On the "New Member Registration" page, enter your Goucher email address and create a password.

c) You can then go to "Professional Information" section and start typing **Goucher College** from the *Organization* field until you can select it from the drop down list.

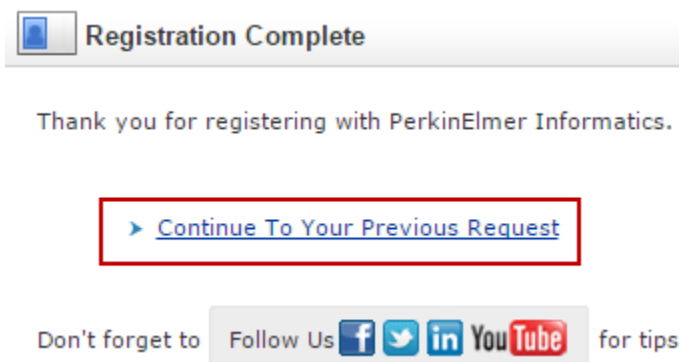

d) Then click the **Check for address on file** button to validate mailing address. The system will then populate the address fields.

e) Continue to filling out the form making sure to complete any required fields.

f) Click the **Register** button once done to continue to the download process.

③ Download Software

a) Click the **Continue To Your Previous Request** link to start the download software process. Access to included databases is automatic after registration is complete. To manage database subscriptions, login to your CS User Account and click "Manage Database Subscriptions

b) You'll then be redirected to the "PerkinElmer Fulfillment System" page. Click the link to download either ChemDraw for Mac or Chem Draw for PC to your computer. An email will be sent with instructions to access software and/or database.

PerkinElmer Fulfillment System

ChemDraw Professional 15 Individual ASL SN Win
Windows Download

Click Here to Download Software 1
(Click on the link above, and proceed to save the file to your computer. Then double click file to install.)

ChemDraw Professional 15 Individual ASL SN Mac
Macintosh Download

Click Here to Download Software 1
(Click on the link above, and proceed to save the file to your computer. Then double click file to install.)

④ **Install and Activate Software***

a) Go to where the file is saved on your computer and double click to install. Depending on which browser used to register account, the download file may be accessible from within the browser's download option.

b) Follow the prompts. When asked to enter the serial number, check your email sent from informatics.customer_service@perkinelmer.com. Hold on to the email so you can re-install the software if needed.

c) You will be asked to Activate. If you wish to activate at a later time, you can select **Activate Later** and click here for detailed activation instruction.

*Mac Users: If you get a message that you're not able to open an unauthorized application, follow these steps to change your security settings:

1. Go to **System Preferences**
2. Select **Security**
3. Select option to allow apps to open from anywhere
