

5 Things To Know About **PORTFOLIUM**

Learn more by visiting the first link on the Canvas Help menu

1 **Portfolium Is Your Showcase**

Show off the great work you're proud of including educational projects, work or leadership experience, club or sports achievements, and more to a network of users!

2 **Your Profile Is Like Your Resume**

Your Profile is a place for people to preview your **education, skills, experience, certifications**, and more. To edit this section, login to pick and choose from a selection of modules provided.

3 **Your Portfolio Is Your Proof – Show Off Your Work Here!**

Prove your experience by attaching great projects to your Portfolio section. You can include files, presentations, videos, and more. Make sure to add skills such as “writing” and “collaboration” to your projects to highlight these works from your profile section.

To add a project to your portfolio, click the "**ADD PROJECT**" button located in the header bar to enter the Project Editor.

4 **You Can Setup A Lifetime Login**

It's easy to get to Portfolium from any Canvas course, but what about after graduation? Go to <https://portfolium.com/join> and use your Goucher email address to set up a lifetime account with your own personal password.

5 **Help Is Available**

Visit the **Portfolium Help Center** (<https://help.portfolium.com>) anytime to get advice and answers to your Portfolium questions! Need one-on-one help? Not a problem! To get assistance ASAP, click the blue conversation bubble in the bottom right of the Portfolium web site page to start a live chat with Portfolium's Help Desk.

You can also check out Goucher's Portfolium Resource page by visiting <https://www.goucher.edu/information-technology/> and type in “Portfolium” into the search box.
